MONCTON SOLIDIFIES ITSELF AS A CITY OF ARTS

The City of Moncton was recently awarded top honours by the **Municipality of the Arts Foundation**. This provincial status affirms the efforts Moncton's arts community, along with the municipality itself, has been making in terms of growth in arts and culture in the area. The City has worked hard in building its reputation and promoting the great artists we have among us, and has shown true leadership with its initiatives such as its recent adoption of one of the province's first Municipal Arts and Cultural policies. DMCI recognizes the importance of a thriving arts community and applauds the City's efforts in its progressive outlook on the cultural makeup of our municipality. Way to go Moncton!
